

Meeting Title: Product Design Review

Date: 2024-09-20

Participants: Rahul, Priya, Sara, Neha

Priya presented the new dashboard redesign. User testing showed 40 percent faster task completion vs the old design.

Sara raised concerns about mobile responsiveness. Three key screens break on screens below 375px width.

Decision: Delay dashboard release by two weeks to fix mobile issues. New release date is October 7th.

Rahul proposed adding a dark mode option based on user feedback. 68 percent of surveyed users requested it.

Decision: Dark mode approved for Q4 roadmap. Priya to lead design, target November 1st.

Neha confirmed the design system components are ready. All 47 components are documented in Figma.

Action Items:

- Sara: Fix mobile responsiveness issues by September 30
- Priya: Dark mode design mockups by October 15
- Neha: Share Figma component library access with all engineers by September 23
- Rahul: Update product roadmap with dark mode timeline by September 22
